

*Sermons, music, and full worship services – ready when your community needs them.*

POWERED BY  
**FIREBIRD SPIRIT**

We work hard to keep this process easy—for you and for us.

## A Note for Treasurers & Financial Officers

We know you are responsible for clarity, consistency, and accountability.

The **Worship Supply Kit** is designed to work smoothly with standard church financial practices—no contracts, no subscriptions, and no surprises.

You tell us the supply rate you normally pay.

That is the amount we invoice.

Nothing more, nothing hidden.

## How Pricing Works

When you contact Firebird Spirit (by phone or email), we'll ask a few basic questions, including: **What do you normally pay for pulpit supply?**

Supply rates vary widely by region, so we trust you to name the amount that feels appropriate for your context. **That is the amount we will invoice.**

- No mileage.
- No subscription.
- No hidden fees.

## What You Receive

On the **Thursday before your scheduled service**, your designated liaison will receive:

- A downloadable, ad-free video link
- A complete, editable worship packet
- An invoice for the agreed-upon amount

All materials arrive in advance so worship can be prepared calmly and confidently.

## Payment Details

- Payment is requested within **ten (10) days**
- You may pay by **check or online**
- We understand occasional postal delays and work with grace

If worship is **cancelled** and the service cannot be used, simply notify the Firebird Spirit office and **the invoice will be voided**—unlike traditional supply preaching, where payment is often still required.

We operate on an **honor system** and trust the churches we partner with.

## Multiple Services

If you anticipate using the Worship Supply Kit more than once in any month, we are happy to:

- Invoice for multiple services at once
- Coordinate with your Treasurer or bookkeeper
- Streamline the process in whatever way serves you best

## What Your Partnership Supports

Your participation helps sustain:

- Weekly worship production (recording, editing, licensing, equipment)
- Creation of complete worship packets and seasonal resources
- Advance scheduling and planning
- Periodic Zoom gatherings, technical support, and leader connection
- The broader **Firebird Spirit Community of Hope**

Together, we keep worship faithful,  
Spirit-led, and full of hope.
