# What Colleagues are Saying

“

Since 2014, Firebird Spirit has worked with congregations and mid councils to develop new options for ministry beyond **the traditional congregational model**.

*Rev. Dr. John Odom - Presbytery Executive - Presbytery of Genesee Valley*

“

I find the work that Firebird Spirit is doing to be deeply interesting, faithful, and invigorating, and highly commend the quality of their offerings for your review and consideration.

*Rev. Amy Williams Fowler, Honorably Retired Presbytery Executive PC(USA)*

“

... Firebird Spirit has developed both a national and international movement as they work to create a global Community of Hope. Their worship bears witness to a gospel ministry of justice, hope, and inclusion. I have had the privilege of contributing to these worship services. I personally support the mission and work of Firebird Spirit, and their inclusive ministry of hope which is firmly rooted in the Reformed Tradition.

*Rev. Dr. Ray G. Jones, III - Interim Unified Agency, Director, Theology, Formation & Evangelism for the Presbyterian Church (USA)*

# About Firebird Spirit

Firebird Spirit grew out of an innovative PC(USA) congregation in Rochester, New York, whose story of transformation is told in *The Church Has Left the Building*.

In 2018, Firebird Spirit became a separate 501(c)(3) nonprofit.

- Independent and inter-faith friendly
- Rooted in the Reformed Tradition
- Not a church – but deeply committed to supporting churches

# What We Do

Our purpose is simple:

To support — not replace — congregations as they continue to gather, worship, and grow.

- Printed worship materials
- On-demand video and audio resources
- Flexible formats for locally led worship

Through this work, we also help cultivate a global **Community of Hope**.

# The Reality Many Congregations Face

Many congregations today are stretched thin.

- Gaps in pastoral or worship leadership
- Limited availability of supply preachers or musicians
- Budget constraints
- Volunteer fatigue
- The need for rest — without canceling worship

# What Congregations Need

- Worship that is meaningful and theologically grounded
- Resources that are easy to access and easy to use
- Support that respects local leadership and identity
- Options that reduce stress rather than add to it

# The Worship Supply Kit

The Firebird Spirit **Worship Supply Kit (WSK)** provides flexible worship resources that congregations can use **whole or in part**, depending on their needs.

- Ready-to-use worship components
- Video, audio, and printed materials
- Flexible formats for different leadership situations
- Easy to adapt to your congregation's voice

*Sermons, music, and full worship services –  
ready when your community needs them.*
